

2023 Cluster Days – Learn or Earn Approval Form

Student Name		Care Class	
--------------	--	------------	--

You have opted for your child to participate in the 'Learn or Earn' option for 2023 Cluster Days. This means that students are actively engaging in their own self-paced study and/or working at their casual jobs for the five Cluster Days.

Eligibility for this program is specified as per below;

- ✓ Students must be enrolled in Year 11 or 12;
- ✓ Students must be achieving a C or higher in all of their subjects;
- ✓ Be up to date with all assessment/class work;
- ✓ Be up to date with the relevant units of competency in their certificate and/or vocational courses;
- ✓ Attendance at school target or above (95%).

Should your child be academically at risk, require additional assistance or falls behind in their units of competency, the school reserves the right to rescind students' participation in this program and require their attendance at school for a Study Day for Cluster Days.

Approval from relevant school staff is required to ensure that students are adhering to academic policies, guidelines and student Code of Conduct expectations.

Year 11/12 Deputy Principal
