

Past Students - 2015

Year 12

	What have you been doing since high school (study, work, travel, personal highlights)?	What advice would you give to current Benowa State High School students?
Rory Marriott	I have studied and graduated a Bachelor of Science with majors in Applied Mathematics and Biochemistry at Griffith University. I am currently studying an honours qualification in applied mathematics.	Don't hate your teachers, they all care about you deeply even when it doesn't seem like it. They have given their life to the endeavour of raising up and shaping your generation, which is a very admirable thing.

Year 11
