

# **Year 10 SETP Decision Guide**

A clear roadmap for students and parents to explore post-school options

Do you want to go to university after Year 12?

### **Explore**

- Vocational Education & Training (VET) TAFE, private providers (Cert III/IV, Diplomas)
- Apprenticeships/Traineeships: Learn a trade or industry skill while working
- Full-time Work: Enter the workforce directly
- Other: Consider a Gap Year, volunteering, or self-employment

02

Are you achieving good grades (B or higher) in Year 10 subjects?

## **Examine**

- Ways to improve grades: tutoring, study help Support Hub. etc
- Applied Subjects: practical subjects that contribute to QCE but not ATAR
- VET courses: Certificate qualifications leading to work or further study
- School-Based Apprenticeships or Traineeships

03

Have you checked subject prerequisites for your desired uni course?

#### Research

 University entry requirements via QTAC and tertiary websites

Are you choosing at least 5 General Subjects?
(including English and Maths)

## **Investigate**

- Adjusting subject selection to meet ATAR requirements
- A Blended Pathway (mix of General & Applied subjects + VET courses)

Do you enjoy and feel confident in your subject

1es

choices?

## Consider

- Subjects that align with your strengths and interests
- Applied subjects or VET courses leading to employment or further training

If you said YES to all the above, confirm your subject choices with school advisors.

Ensure you meet ATAR, VET, or employment requirements
